Teaching Student Evaluation Survey

Results of analysis for DENTISTRY program

2021 (winter semester)

The Report Draft: Office for Quality Assurance

The Teaching Student Evaluation Survey is conducted all students, each semester.

The survey includes student's satisfaction with teaching of academic staff:
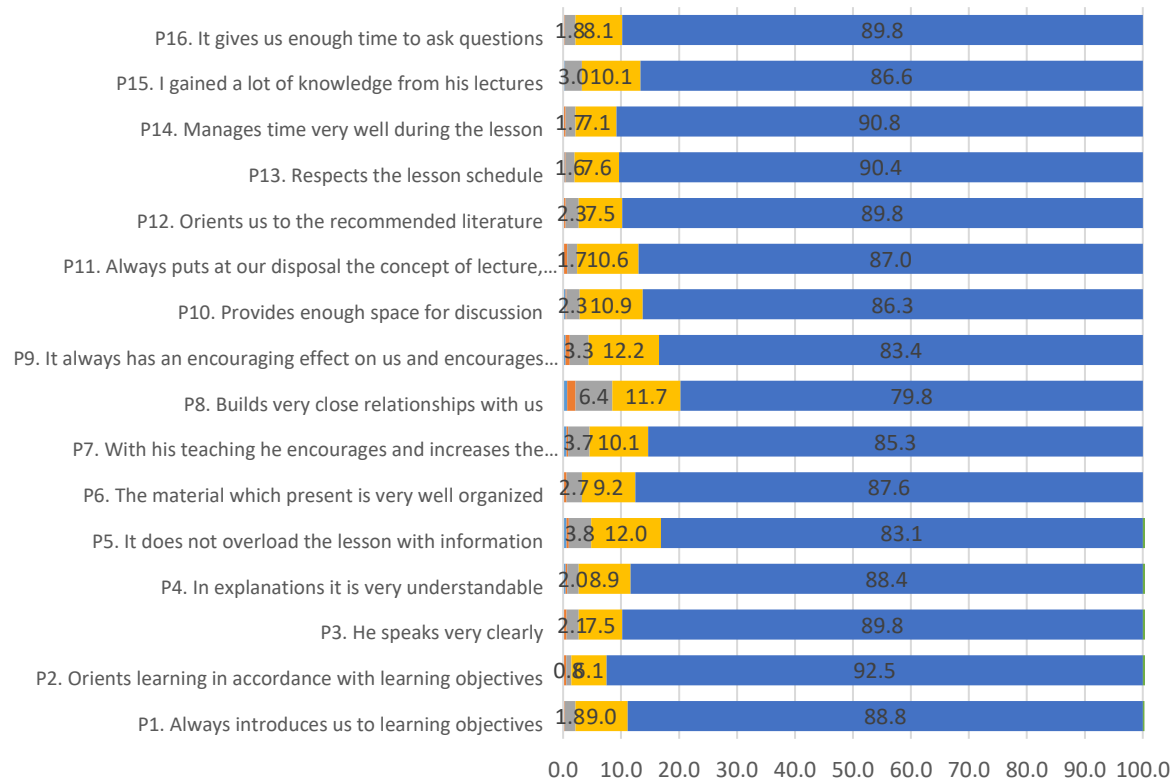

Result report

Method of realization: with the electronic questionnaire Teaching Student Evaluation Survey

From the analysis of the survey: **Teaching Student Evaluation Survey-2021** (summer semester) for DENTISTRY program it is seen that the average evaluation regarding the quality of teaching of the academic staff of the department is 4.8 +/- 0.5, however, our objective regarding the quality of teaching is intended to increase to 5.0, for all academic staff and for all indicators.

From the analysis of the survey it is seen that the largest percentage of respondents fully agree or agree with the statement that promotes the positive side of the academic staff (96.8%). The lowest grade is for the finding: P5. He does not overload the lesson with information (95.2%), Q7.With his teaching he stimulates and increases the interest to listen (95.4%); Q8.Build very close relationships with students (91.5%); and Q9.It always has an encouraging effect on us and encourages discussion (95.6%), while the highest rating is for the finding: P2. Orients learning in accordance with learning objectives (98.6%).

Improvement plan:

- Implementation of modern teaching methodology, student-oriented with forms of active learning for all teachers.
- Promoting the mobility of academic staff and students, inside and outside the country
- Involvement of all academic staff in the system of continuous professional and pedagogical training of teachers and collaborators in terms of teaching methods and assessment methods, especially for assistants and assistant professors.
- Generation of individual plans for improving the performance of academic staff with unsatisfactory evaluation.
- Implementation of strict measures for academic staff with continuous academic and scientific performance below the threshold of expectations.
